Brokerage Services Delivering Results

We focus on maximizing the value of the property by offering analytical capabilities and an understanding of the investment criteria and leasing objectives of ownership. Our brokers have transaction experience on behalf of property owners, and demonstrate sensitivity to, and cooperation with the brokerage community worldwide.

Our brokerage professionals focus on positioning the property in the marketplace, identifying suitable prospects, and creating customized marketing strategies to enhance the value of our client's assets. We evaluate market conditions, including tenant relocations, levels of occupancy in a target area, rental rates, proposed development and other real estate trends to develop a comprehensive positioning and leasing program for the property. Our concurrent tenant representation experience gives us a thorough understanding of tenant needs thus translating into an advantage to effectively position and lease properties for landlords.

Leasing

Our leasing philosophy is to address every assignment as though we were the owner and to view those assignments from a focused, strategic angle. Our goal is not just to fill the vacant space in a property, but rather to increase the value of the asset by assessing the owner's needs and objectives and satisfying those goals. Our brokers have transaction experience on behalf of property owners, and demonstrate sensitivity to, and cooperation with the brokerage community worldwide.

Marketing

Our in-house marketing department delivers professional-quality materials tailored to your property's unique characteristics. A well thought out, organized, marketing plan must be set up in order to successfully sell or lease your property. The strategic plan needs to be multi-faceted in its style, proactive in its approach, and comprehensive in its depth in order to have the best chance of success in providing the results you will want to see. Our team strives to utilize every appropriate medium available to market our properties to potential tenants/buyers.
